1. [ ] Hand-carried the completed form relating to employment benefits through Senate Preparedness Investigating Subcommittee to Mr. Robert A. Breakworth, Finance Officer of the Senate. Item one of the form relating to FEGLI insurance had not been completed so the box was checked in pen and initialed by me. Mr. Breakworth also noted that normally where there is no breakdown in service, health insurance would be transferred to the bill but since the Agency had an association plan which was not available, he had no choice but to allow that coverage to continue.
